FROM THE SON: FACE SET

Ayer's Sarsaparilla

has had in his case. I think his blood quant have accessived the humor for at least ten years; but it did not show, encount in the farm of a sarely lows seer on the write, well about they years ago. From a few spots which ag-peared at that time, it gradually spread ables to cover his easter body. I summer you he was terribly affected, and as object of pity, when he began being your sections. Now, there ago-few men of his age who enjoy as good health, as he has. I could easily same Sity persons who would testify to the facts in his case. Your struly, W. H. PHILLERS.

FROM THE FATHER: Ayers Sarsaparilla.

Six mouths age I was completely covered with a terrible humor and servicious serce. The humor caused an incomant and intolerable itching, set the skir irraded do so to cause the blood to flow in many places whoever I moved. My sufferings serce great, and my life a burdan. I conjusted the use of the Harsarannal to April heat, and have need it requisity alone that them. If you confident human to imperve at once. The seres here all housed, and I feel particulty well in sweety respect to being may sake to do a good day's work, lathough 25 peace of capts. Many inquire what has wrought man a curv in my case, self to the term, as I have hear tried to bell you. ATER'S SARSATARILLA. Show, Ve., Qui, 21, 1682.

### . POLITICAL CHANGES

Out of interests connected, in one way or auother with slavery first grow that not neal son timent in our southern states which made a sectional division of the great parties of the country. This sintiment, intensified by pas-sion prior to the war, deepened into a sullen educion on the part of the defected secti after the use was ever; and then "the count" had been this new a political unit—the "color estanting the sure strength of the name to the party relations of a large state plant in the party relations of a large whether the singular party. It is imposs-te to imaging that the nouth will go on voting foregor upon a anispathy which has ceased to have any appellmants even as a projection. In tempole, the pold, splatons of parties are all anison may 7 motes therefore in 1880 yave but the met couldn't replace into play. The on and inless meaning are taken to stop it, and its life and its life

Derkierung, Bouth Carolina, says that the promptly stopped them and compelled them to remove as nearly as possible their dama, ing marks. It has been shown that a sense of propriety and even considerations of diseases as nearly as possible their dama, ing marks. It has been shown that a sense of propriety and even considerations of diseases, will not restrain men from attack and the sense of a sense of propriety and even considerations of diseases, will not restrain men from attack and the sense of the sens part of the peach can be longer be counted on by and designable puris. He gives two rea-sons for this. The first is that the south is now in the full this of maketed prosperity, and profess cutet, suchlisty and the main tenance of the present financial policy of the government. The natural is that the south 'most vigormenty repudiates the propagantium of the columnist, the nihilat and the momen designing. The internation is morratio leadure in the northern becomine decreased 43,110 populs lard has de states appeal too much to the obsess thus de-scribed, and tighted south will seek better

markada political as well as other changes The south is not going to adhere to the demo-erate party always because it adhered to it on St Louis saloon keepers, the Missours Republic

posh these classes upon America is a benevopush these classes upon America to a bedever it too hard and would invate inflamed and hole own pockets. It is a new allow tration of the old maxim of suffishment that there are made causer for those who are to follow them of course releases to the dust if in the tration of the old maxim of suffishment that there are made young men for the beaviest meetal or non-market training the suffishment to the course of the cour physical work but they are comparatively few in number. The years when study must be must constant and severe are years of trying physical changes in women, and to force them at people to car gibres is an injury the rates to the rank of outrope. Nothing could be so proper or just as to send back some lots of this time to severe and regular tasks is scarcely less than bruial. No effect to make higher heen, now detained at New York to the care of the "hemistelens" societies, which were fur-nished with funds by the British loosl authors education of women general in the sense that

There was puspriety in the project on this subject presented to President Arthur a few days ago by a delegation from the Ir.ah land quittal se scandalous and his subsequent con-duct so ornel that the bear- of the contintry goes these poverty-etricken beings must be impaid upon the by a government which, as it bounts that the sun meter cats upon the dominions, ought to be able to find room nonewhere under its thy gestion has an affair meaning our generatively nutries assigni win fing the mose whom the felfish policy of Nest as the trial, which will take place in Sep upon the demandal things that would be done
by the wiched and turbulent Irah, were 16
most for the restraint exercised over them
by the train assumption over them this land of hilling on bedievideal responsibility is another unreasor less than survive with raiber another unreasor less than survive with raiber more periodission than usual to it. These thought it was presented that they hope young Nuttine anything that they hope twelve men will violate their solemn that they hope twelve men will violate their solemn eaths in order to allow a youth who has named his revenue for wards and how about down his meany in broad day light in the public street, without a word of warning, to except unbranded and unpunished for his rinn. Here is anorthy again in ac clearly defined lines as in the first fundament in a clearly defined lines as in the first fundament he farter they were rescript to thouseless a cight of appeal to show the public to make except the dayring molyres of revenue for confiniting unrelease. So cleicy seems secure chough and caim could but on his mean angular order is imposed on brishing they will somehow manage to control it and, without fouts, very much better it any preserved now. But in any base could libelly pursue a more vicious policy

For the disfigurement he allogether lovely The intergratty and voltarity of these adverdistments, take the sublimity out of the grand and anticology, in Reseases there was an eliment which he would otherwise contemplate entered in the contemplate which he would otherwise contemplate which he would otherwise contemplate which he would otherwise contemplate which elements are also and the work of the state, but it is going steadily the state, but it is going steadily the state, but it is going steadily the state.

The law should step in and defend sublinift In view of the attempt to discriminate against American pork, a report of exports given to the public on the 15th met by the bureau of sta pathic on the later into the number of six thatics possesses special interest. The period powered is for May and for the seven months anding May 31. For the latter period the exportation of hame has increased 12,966 posteds

creased 15 877 prunds and pork has decreased 7830 pounds. The trade in fresh beef has it politics, compared to the comp Referring to the new feense law of Miss ir: pressions growing out of slavery, nor is the scale of can, which is the leading deduction organ of cort gauge to address always in the republican that state, says if the sal An keep present booth

party because it adhered to it or questions for the new law the felt will be infortunate pertaining to the stringle against that great for the profession. It is high increased all one political differences and divided our particle by sharp lines.
